-----	------------	--------	-----------	-------------	------------	----------------

Notes

Life Together' includes

- Iona Community songs not included in denominational hymn books
- hymns from a wide range of other sources including the Taize Community
- a few older hymns omitted from recent hymn books
- some hymns written by members and past members of the Church and not published elsewhere

Tunes are usually those in the publication referred to. Where this does not apply either

- the recommended hymn tune is named, or
- the phrase see "see 'Life Together' " means that the music is available to the Church

Inclusion in this list does not indicate that the congregation is familiar with each item - however we are always willing to learn.
